

ASNT ACCP Level II and Level III – SECTOR Cert can give exams now

Contract with ASNT signed

SECTOR Cert – Gesellschaft für Zertifizierung mbH has signed a contract with ASNT (American Society for Non-Destructive Testing). Persons having passed an EN 473 exam with SECTOR Cert and having a valid EN 473 certificate from SECTOR Cert can take a so called bolt-on-exam and receive a certificate according to the ACCP (ASNT Central Certification Programme).

These ASNT certificates will be very helpful for companies having to deal with ASME as ASME accepts ACCP certificates without any restrictions. When presenting such a certificate one will not have to provide for the documentation e.g. exam questions, personnel documents. Quite often the submitting of such paper work led to several problems during the audit.

Our contract with ASNT covers the following methods and techniques:

Level	Method	Technique
2	MT	Yoke only
2	PT	Solvent Removable Water-Wash Post-Emulsifiable
2	RT	Gamma X-Ray Both
2	UT	Welds Castings/Forgings
2	VT	Direct Remote
3	MT / RT / PT / UT / VT	all

Exams for certification according to ACCP by ASNT are complex and differ much from our EN 473 exams. We therefore recommend trainings for preparation.

Level	Method	Time for Training / Exam per method	Content of Training
2	MT, PT, VT	1 day / 1 day	<ul style="list-style-type: none"> • Difference in philosophy of test • Structure of the ASME code • Requirements in Sec. V for technical issues • Procedure • Questions
2	RT, UT	2 Days / 1 day	
3	MT, PT, VT	1 day / 1 day	<ul style="list-style-type: none"> • Vocabulaire • Difference in philosophy of test • Structure of the ASME code • Construction Codes (Sec. I, II, VIII) • Requirements in Sec. V for technical issues • Questions
3	UT, RT	2 Days / 1 day	

In February 2010 SECTOR Cert will offer for all interested parties trainings and exams.

Please be advised that your application must arrive **21 days** prior to the exam at ASNT. Therefore you should register now.

Persons not having passed an EN 473 exam from SECTOR Cert and / or have no valid EN 473 certificate from SECTOR Cert can take the EN 473 exam at the same day as the ACCP exam. SECTOR Cert will issue an EN 473 Certificate after passing the exam and submitting the relevant papers. For persons not having an EN 473 certificate from SECTOR Cert please apply now.

Please be advised that the exam will be in English language.

Further information and all forms under www.sector-cert.com or contact either Mrs. Kirchartz or Dr. Alijah (phone. +49-221-9959400).

Costs:

Training Day	Euro 435,00
Exam Day	Euro 435,00
Administration Fees	Euro 100,00
